The Executive™

Retractable power screen for oversized doors, windows and openings

Up to 7.0m wide and 4.8m high

phantom-screens.co.uk

Provides insect protection and solar shading without obscuring your view

Screens fully retract into a discrete housing that blends with your existing frames

Screens and tracks can be fully recessed for a clean, contemporary look

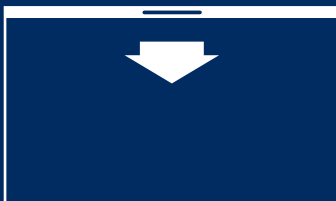

Ideal for insect protection and solar shading in commercial settings too

The luxury living experience

When creating a luxury environment, it's important to find a product that can be tailored to your specific requirements. The Executive motorised screen can be installed in all oversized openings to bring your interior and exterior spaces together in style. The system can provide solar shading, insect protection and enhanced privacy, whilst allowing fresh air to cool and freshen your living space. Alternatively, our blackout fabrics are perfect for creating total relaxation in your inner sanctum. All screens are professionally installed by your local design and fitting expert.

- Phantom Screens' high quality components ensure years of trouble-free operation.
- The motorised system can be opened and closed at the touch of a button.
- Optional sun and wind detectors automatically adjust screen position.
- Can be linked to home automation system.
- Fully recessed option available.
- Low profile housing blends in with your existing door/window frame.
- Screens come in a variety of colours to match your existing décor.
- Our durable mesh technology resists sagging and tearing.
- All screens come with a Phantom Lifetime Warranty.

Screen Sizes

Width: 1m–7.0m
 Max Height (pull length): 0.5m–4.8m

Sizes over 6.1m wide and 3.4m high are recess fit only.

Colours

Alongside our standard white frames, Phantom Screens offer a colour matching service to make sure your screens perfectly compliment your décor.

Mesh and Fabric

The Executive is available in a range of mesh and fabric options including insect protection, solar shading and blackout, all in a variety of colourways.
